2016 Fall Conference & Tradeshow

"Creating Smart & Healthy Buildings"

Join Us September 28-30, 2016

Our popular Fall Conference focuses again this year on Planning, Design, and Construction with an emphasis on Creating Smart and Health Buildings.

This conference is designed to provide practical and timely information for health care facility staff (management and line staff), and the entire PDC community.

Schedule:

Wednesday, September 28th:

9:00 am: Shotgun Start - 12th Annual Golf Tournament

5:00 pm: Welcome Social and Awards

Thursday, September 29th:

7:00 am: Check-in/On-site Registration & Breakfast

8:00 am: Welcome and Education Sessions

6:00 pm: Dinner and Social Reception

Friday, September 30th:

8:00 am: Education Sessions

12:00 pm: Prizes and Adjournment

1777 NW 44th St, Lincoln City, OR 97367

Local IP, HCC & CHC National Training Courses from ASHE!

Nationally recognized training & certification provided each year in the Pacific Northwest!

Again this year WSSHE is sponsoring courses intended for working professionals that offer nationally recognized certification. This program is now in its third year, and provides opportunities for career advancement that otherwise are unavailable west of the Rockies!

Sign up now for any one or all of these three ASHE accredited courses; Infection Prevention (IP), Healthcare Construction (HCC) and Certified Healthcare Constructor (CHC).

Featured Firm - TraneOregon

OSHE Reps: Bret Davis, Daniel Driver, Matt Foertsch, Stefan Lidington, Ross Notebaart, Andy Teachman, Matt Travis & Dave Volonte

The staff of TraneOregon understand ***the value of their OSHE membership*** as an important tool to continue to learn more and better understand their healthcare customers in Oregon, allowing them to provide solutions in support of the needs and goals of this community.

TraneOregon provides comprehensive comfort solutions for your buildings' needs through commitment, expertise, and dependability. To ensure efficient operation, they empower their trained and experienced staff to provide both traditional maintenance services as well as Trane Intelligent Services that utilize the Trane Building Performance

and Trane Energy Performance Packages. They can evaluate, upgrade and maintain your HVAC system to keep it operating at peak efficiency, whether your equipment is manufactured by Trane or another supplier.

From small, packaged units to 2,500-ton water chillers, custom air handlers to variable air volume terminals, and temporary cooling systems to EarthWise™ systems, TraneOregon has the right equipment for any job, in any climate, and any situation.

Whether a building is in the construction phase, needs an equipment retrofit, lacks a control or energy management system or just wishes to run more efficiently, we help our clients through the entire process. We value all of our relationships for the life of the building and strive to provide customer support and solutions no matter where in the lifecycle the building may be.

More importantly, TraneOregon's knowledgeable staff ensures that equipment functions smoothly and efficiently, for an HVAC system that meets or exceeds your specifications.

TRANE OREGON
